PROFESSIONAL SUMMARY

A dedicated and proficient Computer Science Engineering student with a strong academic background and extensive project experience. Skilled in full-stack development, with a keen interest in AI/ML. Seeking to leverage my technical expertise and problem-solving skills in a challenging software development role.

EDUCATION

Kalasalingam Academy of Research and Education

Bachelor of Technology in Computer Science and Engineering, **CGPA: 7.6**

2021 – 2025

Sri Chaitanya Jr College, Vijaywada

MPC In Intermediate

2019 – 2021

Sri Sai English Medium School

Secondary Education

2018 – 2019

TECHNICAL SKILLS

Programming Languages: Python

Frontend: HTML, CSS

Backend: Python

Databases: SQL

Developer Tools: Visual Studio

PROJECTS

Heart Disease Prediction | *Python, Machine Learning, Flask*

- Trained models (Logistic Regression, Random Forest) and selected the best based on accuracy and precision.
- Built a user-friendly Flask interface for real-time predictions.
- Performed data preprocessing, EDA, and feature engineering to enhance model performance.

ACHIEVEMENTS

- **Secured Top 2 Position in Vashisht National Level Hackathon, organized by IIITDM Kancheepuram, for developing an innovative tech solution under time constraints and intense competition.**

KEY SKILLS AND STRENGTHS

- **Project Management:** Adept at managing projects from conception to completion, with strong attention to detail and adherence to deadlines.
- **Interpersonal Skills:** Excellent communication, teamwork, Hard working.

HOBBIES

- Travelling
- Listening Music
